Re: Kentucky Power Company
Confidential Materials received 4/3/12
PSC Reference – Case No. 2011-00401

Dear Mr. Kurtz:

The Public Service Commission received from you on April 3, 2012, a copy of KIUC's Responses to the Commission's 1st Data Requests containing materials marked "Confidential". However, your filing included neither a petition as required by Commission regulation, 807 KAR 5:001, Section 7, requesting confidentiality of the material that was redacted from the public version, nor a cover letter stating that the redacted material had previously been submitted with a request for confidentiality.

If you are filing confidential material that was the subject of a petition for confidentiality previously filed by you or by another party, your filing should include a cover letter which states the following: that the redacted material is subject to a prior petition; the name of the person filing the prior petition; the date the prior petition was stamped filed (not the web posting date); and the case number, if the prior petition was filed in a different case. This information will help to avoid confusion in the case file, the inadvertent disclosure of confidential material, and the possible rejection of redacted filings for noncompliance with the above referenced confidentiality regulation.

Accordingly, please file the requisite petition for confidentiality of your Response to Data Request No. 5 or a cover letter as described above. Any future filing which contains redacted material should include either a petition or cover letter, as appropriate.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Derouen".
